

# Care Fees

Are you or your loved ones paying for Care Home Fees?

Have they been wrongly assessed?

KG Solicitors are currently acting on behalf of hundreds of clients to recover wrongly paid Care Fees.

We have successfully recovered over a million pounds in wrongly paid Care Fees cases for clients across the UK.

Continuing healthcare should be provided **free of charge** by the NHS to people whose primary need for care is because of their **health** regardless of their means or care-setting.

Far too often incorrect assessments are made, or **reviews** not undertaken, leading to unnecessary and very costly fees being paid (which can be many **tens of thousands of ££** and over long periods of time) with own homes being sold.

Local authorities/CCGs often appear to simply carry out a “tick-box” exercise, without really considering the overall needs and circumstances of a person. Challenging decisions about eligibility for NHS continuing healthcare can be complex and lengthy.

If you would like to know whether we can help you or your relatives then call us now and speak to us about your claim on **01254 685 127** or complete our online “**Call Back Request**” box and a member of our team will contact you shortly.
